

THE Mechani-COOL Crawfish are **BACK!!**

Cedarwood Robotics Club for 4th – 7th graders will be offered as follows:

- **Robotics Competition Team (Limited to only 5 New Members)**

Every Tuesday & Thursday from 3:15-4:30 p.m.

Beginning September 12th - until December 10th

Competition Dates to be announced when scheduled

Team members must be able to attend both days every week!

Spring semester club dates to be announced after winter competition is over.

Cedarwood's Robotics Club will again be using LEGO-based robots to complete different tasks. Cedarwood Robotics club members will use their imaginations to discover exciting career possibilities and through the First Lego League process, will learn to make positive contributions to society. The robotics club is student based and will require, with only guidance from coaches, the students to design, build, test, and program robotic technology; apply real-world math and science concepts; research the challenges facing our scientists today; learn critical thinking, team-building and presentation skills. All of this while having FUN!

This Competition Team, limited to 10 middle school students, does require students to come to club meetings that will be held afterschool on Tuesdays and Thursdays from 3:15 – 4:30 and have a commitment to learn and maintain the First Lego League Core Values which are:

- We are a TEAM.
- We do the work and find solutions with only guidance from our coaches and mentors.
- We know our coaches don't have all the answers; we learn TOGETHER
- We HONOR the spirit of friendly competition.
- What we discover is MORE important than what we win.
- We SHARE our experiences with others.
- We display GRACIOUS professionalism and COOPERATION in everything we do.
- We have FUN!

For those students who cannot commit to the team, the Robotics Club will be offered, beginning in the 2nd semester. The cost of the team/club will be **\$110 per semester**, to help defray the costs of the robotics kits and instructor. Please complete and send in the bottom section of this interest form. Please do not send in money at this time.

ROBOTICS TEAM & CLUB INTEREST FORM

Student's Name: _____

Grade Level: _____ Age: _____

_____ **Robotics Competition Team (Limited to 10 Members)**

Yes, my student is available every Tuesday & Thursday from 3:30-4:30 p.m. beginning September 12th - until December 10th and would like to join the 10 member Competition Team.
